Cv Phone
Portrait

Hand-drawn sketch of a mobile app interface in portrait orientation. The interface includes a header bar with a close button (X) and a menu button (three horizontal lines). Below the header is a wavy line separator. The main content area is divided into two sections. The top section contains a table with 8 rows and 2 columns, each cell containing a wavy line. The bottom section is also divided into two columns. The left column has 4 rows, each containing a checkmark and a circle with an X. The right column has 4 rows, each containing a wavy line. A wavy line separator is located above the bottom section.
